

MAGAPAL® - the autonomous pallet magazine

The pallet magazine
MAGAPAL®
stocks and distributes
empty pallets by
means of a handling
fork lift or a lifting
trolley.

It improves the
operators' working
conditions and
increases producti-
vity whilst guaran-
teeing total safe-
guard.

Z.A.
67, rue des Vignes
45240 MARCILLY EN
VILLETTE
Tél.: (+33) 02 38 76 12 00
Fax: (+33) 02 38 76 17 25

Entirely carterized on
three sides. Possibility
to distribute from 1 to
5 pallets (for certain
versions). Energy :
hydraulic or pneumatic.
Automatic or manual
functioning.

Capacity: 15,20,25
or 30 pallets.
1 working cycle in
10 seconds.

The pile of pallets is lifted high
enough to avoid any risk of
cramping with the pallet to be
freed.
